

# VERVE LIFE

HD lifestyle camera

Verve Cam

Live video streaming to Hubble Cloud and YouTube with integrated Wi-Fi

---

Take it 30m deep with included IP67 water proof sports case

---

Free Verve Cam app with photo/video editing and social sharing

## Ultra compact HD camera for epic moments

This round-shaped camera stands out from all other classic square looking cameras. Beyond the streamlined design, both the power button and action selected button can be operated by just one-hand. At only 28mm thin and 56mm diameter, FOCUS 1000 is a powerful weatherproof 2.5K camera, putting you a step ahead in capturing your family life through photography and video with simple one touch. Motolife works with your smartphone through built-in Bluetooth Low Energy and Wi-Fi so that you can effortlessly share your day with family or friends. It's not just about capturing the perfect picture, it's about sharing moments, all with the ease of a single click.
