

Battery Operated Indoor/Outdoor Wi-Fi® Camera

Model: ORBIT

Monitor from anywhere.

Motorola ORBIT is an innovative Wi-Fi® camera that turns any compatible internet enabled device into a fully functional home video monitor. The compact ORBIT comes with a magnetic base and is IP66 wind and rain resistant, so it can be mounted anywhere – indoors or outside. Plus, it's fully battery operated with up to 3 months of battery life, so you don't have to worry about wires. Download the Hubble Connected app and enjoy Full HD (1080p) video streaming on compatible smartphones, tablets, and computers. Sound, motion, and room temperature notifications offer a sense of security in your home, while 24 hour recorded video history and zone and human detection allow you to capture only the moments that matter most. See clearly day or night with infrared night vision and communicate with family and pets from wherever you are with two-way communication. Motorola ORBIT Battery Operated Indoor/Outdoor Wi-Fi® Camera. Monitor from anywhere.
